

FESTIVAL ENTERTAINMENT

Whether serving up a tasty dish or a story in one of his songs, singer-songwriter and restaurateur Bobby Plough's goal is to entertainingly share his heritage and experiences. Raised in Corpus Christi, Texas, his early influences included masters of Texas country

sound Willie Nelson, Guy Clark, Shake Russell, Townes Van Zandt and Steve Earle. Now living in Elizabeth City, North Carolina, Plough also acknowledges the influence of NC artists Doc Watson, Earl Scruggs, and James Taylor. He's an avid horseman and surfer, and his songs are inspired by the outdoors, the ocean, and country living.
